

Secretary Nedra Joiner- *I have worked in the microphone industry for the last 16 years in the operations division. I am very proud of my accomplishments in helping my teams create new microphones for the most trusted brand in audio Shure, Inc. I graduated from National Louis University, with a Bachelor's Degree in Business Management. I have a passion and a heart for helping people. I am a mother of 1 son who was diagnosed with Autism back in 2006 when he was just 3 years old. Ever since then, I have made it my duty to educate myself and others on Autism Spectrum Disorder (ASD). I joined the Frazier Board of Directors in 2011 so that I could help be part of the decision making as it related to my son and the 400+ children who attend Frazier Preparatory Academy. I also joined the Board of Directors for The Answer, Inc. in May 2014 and became the President in February 2015.*

Nedra Joiner's views on Frazier Preparatory Academy- *I am a PARENT board member so my personal interest is to ensure my son Jabril and all students of Frazier Preparatory Academy excel and become great leaders. OUR children are destined for success. It's our job to support, advise, and encourage them to be the very best they can be.*

Personal Mission/Vision- *My mission as a PARENT board member is to get more parents involved with our students, our school and our community. It's definitely true that, "It take a Village". I would love to see a Frazier High School so our students can transition from grade school to high school in the same culture and environment they are accustomed to.*
